FCRCC ASSOCIATE MEMBERSHIP POLICY

The intent of the Associate Membership Policy is to allow programs to recruit paddlers in order to field crews for local and international racing within the club's recognized paddling disciplines.

The fee for an Associate Member is set by the Executive, and approved annually at the AGM.

Criteria:

- Primary training is done elsewhere
- Live beyond a daily commutable distance
- Must be a registered participant of an FCRCC program, training for a specific goal

The respective program must apply, on behalf of the identified paddler, to the appropriate discipline representative, to determine whether the paddler qualifies. If so, the Associate membership application below should be filled in, and submitted to the Executive for approval.
